PROFILE

I've spent the last several months in a remote environment, working with HTML, CSS, JavaScript, building everything from landing pages to APIs. looking for my first remote work experience. I am always willing to learn and improve my technical and soft skills.

EDUCATION

Computer Science - San Agustin National University of Arequipa

Jan 2017 - Dec 2021

Bachelor of the professional career career of compute science in Universidad Nacional de San Agustin Peru. I am a Front end (React) developer.

Front-end - Henry Bootcamp

Mar 2022 - Jul 2022

I'm studying modern **React** features like functional components and their hooks working with libraries like **React-Router** and **Redux**.
