EXPERIENCE

I've spent the last several months in a remote environment, working with HTML, CSS, JavaScript, React, building everything. I am always willing to learn and improve my technical and soft skills.

Abin - Frontend Developer (React)

I was in charge of the creation of new user interfaces and the maintenance and correct functioning of the company's front-end applications.

EDUCATION

Computer Science - San Agustin National University of Arequipa
Jan 2017 - March 2022

Bachelor of the professional career career of compute science in Universidad Nacional de San Agustin Peru. I am a Front end (React) developer.

Front-end - Henry Bootcamp
Mar 2022 - Jul 2022

I'm studying modern **React** features like functional components and their hooks working with libraries like **React-Router** and **Redux.**

COURSES

React en producción - ITOO

Maquetación web - Udemy
